

# Remote Behaviour Consultation

Virtually meet with a Behaviour Consultant to receive coaching in Applied Behaviour Analysis (ABA) strategies that address your families individualized needs. Three options at varying levels of intensity are available in order to meet the specific needs of your family. The Remote Behaviour Consultation Service is supervised by a Board Certified Behaviour Analyst (BCBA).

## Brief Behaviour Consultation

### Service Length:

4 consecutive weeks

### Service Objective:

- Address immediate safety concerns in the home

### What's included:

- Weekly sessions with a BCBA
- Development of a Safety Plan which includes an environmental assessment and recommendations
- Parent education, training and workshops
- Individualized strategies and resources
- Provide simple visuals supports and other resources as needed

**\$1,300**

## Focused Behaviour Consultation

8 consecutive weeks

- Help caregivers develop strategies to teach new skills
- Address minor and/or manageable challenging behaviour

### Everything involved with the Brief Consultative Service plus:

- Functional Behaviour Assessment
- Behaviour Intervention Plan with strategies tailored to individualized goals
- Implementation of specific strategies through parent coaching using the Mediator Model
- Monitoring of the Behaviour Intervention Plan

**\$2,400**

## Complex Behaviour Consultation

12 consecutive weeks

- Help caregivers develop strategies to teach new skills
- Addressing complex challenging/hard to manage behaviour

### Everything involved with the Focused Consultation plus:

- Additional 4 weeks of weekly behaviour consultation
- Additional 4 weeks of Behaviour Intervention Plan monitoring

**\$3,500**
